

Cable meeting

5/21/2013

Meeting called to order 7:05pm; adjourned at 8:28pm

Attending:

Doug Alwine

Steve Flanders

Tami Andrews

Mallorie Blevins

Doug looked into possibility of buying two new cameras. Looked into buying a Cannon Vixia HF R42 with a 32G internal memory and ability to use a SD card for \$499.99; a Cannon Vixia HF R40 with a 8G internal and the ability to use an SD card for \$399.99; or a Cannon Vixia HF R400 with no internal memory but can also utilize an SD card for \$299.99. We determined that buying the R400 would be the most feasible, because we could then buy three 32G SD cards at \$35.00 per piece for a total cost of \$105; totaling \$304.99 per camera.

Ideas discussed: Cooking shows; a website for the community to upload videos to show on the channel; a photo narrative by Betty Straw on Clinton Grove Academy; recording stories about old town Weare from the older people in town (loosely based on Fritz Weatherbee) about East Weare, the old schools, etc.

Taught Tami and Mallorie how to create pages and run the bulletin board
